

The Right Connection®

API Socket with Air Interlock Valve

Application:

Designed to interlock air break systems ensuring vapor vents are open prior to loading fuel.

Features:

- Integrated air interlock valve
- Single face plate sockets with J slot wear rings
- Corrosion resistant hardware and contact pins
- Industry standard color coded sockets and caps allow for easy identification of socket type
- Thermistor and Optic socket options available

Materials:

- Hardware, contact pins: stainless steel
- Wear rings: hard coated aluminum alloy

Part #	Description
FT300AI	API compatible optic socket with cap
FT301AI	API compatible Thermistor socket with cap
